

Kyneton Golf Club Inc. – By-Laws

INTRODUCING GUESTS

Guests and visitors using Club facilities must enter their name and full residential address in the Visitor's Book in the Clubhouse.

A Member may introduce up to three playing guests at any one time upon half payment of relevant green fees. Guests must be accompanied at all times during play by the introducing Member.

If a Member wishes to introduce a Guest on a competition day other than a Guest Day, the guest must be a holder of a current AGU or WGU or other official handicap or seek prior approval from the Match Committee to be permitted to play in the competition field.

Guests so playing in competition play must pay half green fee in addition to the full applicable competition fee.

Club rules prohibit the same guest being introduced more than once in any calendar month by any Member or Members.

It is the introducing Member's responsibility to ensure that such guests observe all Club policies, House Rules and Conditions of Play. The introducing Member shall be fully accountable for the conduct of his or her guests as if it was their own conduct.

Where guests are under the age of 18 years this responsibility is especially important and close supervision may be required and expected by the Club.
